Best paper award for Master & Bachelor students:

The ERSCP-EMSU conference organizers will be awarding a prize for the best student paper. If fulfilling all requirements, please tick the box:

- This paper is based on the work of one or more students² (bachelor or master's level only). The first author is one of these students. The presenting author will be one of these students.

¹ The ERSCP-EMSU conference organizers are working towards open access publication of the papers, with intended indexing by Google Scholar. The form of this publication is not determined yet. We want to give all author the choice of participating or not.

² Please note that to be eligible for this award, the candidate should have been registered as a student during the work described in the paper, while for conference registration, it is required to still be a student at the time of registration, in order to be eligible for the student fee.
